## **PRICE LIST 2017-18**

(effective May 1, 2017)

Dear Partners,

This year we are thrilled to celebrate our 20th anniversary with you!

We've journeyed together through thick-and-thin, as these days, the world and markets are changing faster than ever before. It's been an exciting and eventful journey, crowned with our latest catalog full of splendid and inspiring bathroom collections. The market trends have certainly contributed to shaping our vision of bathroom design, but we also dare to think that our taste has made a mark in shaping the market trends as well.

The Lacava Price List 2017-2018 is organized according to the following general outline:

- Products are organized into seven major categories: furniture collections with matching sinks and tops, mirrors and medicine cabinets, lavatories, bathtubs, toilets, faucetry, and accessories.
- Each major category is then split into subcategories based on the installation application (i.e. the lavatories are split into: under-counter, pedestal, console, wall-mount, above counter, vessel, vanity-top, and self-rimming).
- The subcategories list products by their size and collection.
- At the end, there is an index listing all product in both numerical and alphabetical order.
- Available finishes are listed as applicable throughout the book and shown on pages 122-123.

The Table of Contents will help you navigate the major categories and subcategories.

We remain dedicated to quality and customer satisfaction, with all of our efforts focusing on the singular goal of providing exceptional bathroom fixtures.

Thank you for your business and we look forward to serving you!

Sincerely,

Carmine Lacava  
President & CEO  
LACAVA LLC

# LACAVA Freight Program

Each product specifies its freight Class in the price section.

## LACAVA Freight Program for the USA\*

- 1 **Class 1:** \$15 -- ships by UPS  
3-10 items will ship under Class 2, 10+ items will ship under Class 3, pallet loads \$150 each pallet unless FFA is reached
- 2 **Class 2:** \$35 -- ships by UPS  
Shipping price is per item up to max \$150 per pallet in shipping cost unless FFA is reached
- 3 **Class 3:** \$50 -- ships by UPS  
Shipping price is per item up to max \$150 per pallet in shipping cost unless FFA is reached
- 4 **Class 4:** \$150 per pallet -- ships by Common Carrier
- 5 **Class 5:** \$200 per pallet -- ships by Common Carrier

**FFA** -- An order over \$2500 NET qualifies for free shipping

## LACAVA Freight Program for CANADA\*\* import/export duties and taxes are not included

- 1 **Class 1:** \$35 -- ships by UPS  
3-10 items will ship under Class 2, 10+ items will ship under Class 3, pallet loads \$250 each pallet unless FFA is reached
- 2 **Class 2:** \$80 -- ships by UPS  
Shipping price is per item up to max \$250 per pallet in shipping cost unless FFA is reached
- 3 **Class 3:** \$100 -- ships by UPS  
Shipping price is per item up to max \$250 per pallet in shipping cost unless FFA is reached
- 4 **Class 4:** \$250 per pallet -- ships by Common Carrier
- 5 **Class 5:** \$300 per pallet -- ships by Common Carrier

**FFA** -- An order over \$4900 NET qualifies for free shipping

When 2 or more items of different class are ordered at the same time, then freight will be charged at the highest class item on the order. Classification for partial shipments will be based on each shipment's value.

\* Only orders shipping ground standard delivery to a business address within the contiguous 48 states are eligible for this program. Please call for residential drop shipments and other delivery methods.

\*\* Only orders shipping ground standard delivery to showroom's address within the mainland Canada are eligible for this program. Please call for drop shipments and other delivery methods.

# WHY CHOOSE LACAVA?

LACAVA was established in response to the market's growing demand for beautiful and inspiring bathroom products. While design and fashion have been embraced in clothing, automotive, and interior design of major living spaces for a long time now, bathrooms have been lagging. Despite the fact that bathrooms are very personal and frequently used areas - or maybe for that very reason - it appears as if they do not need or cannot be an attractive environment. Having the Italian discerning taste and an eye for beauty, the founder of LACAVA decided to enrich this area with a selection of inspiring bathroom fixtures and furnishings.

Our company provides a comprehensive bathroom experience from vanities, lavatories, toilets and tubs, to faucetry, and accessories. All products are carefully styled for luxurious and quality appearance deeply rooted in the Italian design legacy and philosophy that surrounding beauty is inspirational for human spirit and enhances the quality of life and overall well-being.

## LAVATORIES AND SINKS

Our selection of lavatories and sinks, made of porcelain, solid surface, stainless steel, and natural stone, offers a wide range of applications from stand-alone pedestals, wall-mount, on-counter vessels, to vanity top, and undercounter sinks. Regardless of the space requirements, whether it's needed for a mansion with dozens of bathrooms or is sought after by a "tiny house nation," we have shapes and sizes to choose from to fit any facility.

The materials used for LACAVA lavatories, each with its own specific characteristics, ensure long-lasting quality and performance. Porcelain (also widely known as *fine china*) originated its name from old Italian *porcellana*, as it resembles the translucent surface of a shell, although the process itself was first introduced in China. We use very fine clay to produce our Porcelain lavatories. The many benefits of fine clay include low porosity and elasticity, high brilliance of glaze, as well as high resistance of the material and finish to chemicals and thermal shock. However, fine clay is subject to relatively high level of shrinkage 12-15% during kiln firing process at extremely high temperatures reaching over 2200°F / 1200°C. This process results in toughness, strength, and translucent surface similar in touch to glass, but it also produces unavoidable low levels of deviation from the originally intended perfect shape. Each lavatory is therefore slightly unique and closely inspected for proper fit with the accompanying vanity.

Our Solid Surface is a man-made stone that consists of a homogenous mixture of natural stone, vacuum-treated polyester, and aluminum trihydrate. The material is an inert and non-toxic material that is created from a clean production process where a chemical reaction takes place inside the cast molding, which is more environmentally friendly. In addition, Solid Surface is extremely durable and versatile when compared to other materials that are commonly used in bathrooms - it is heat, chemical, stain, scratch and impact resistant. The matte material is non-porous and consistent in color and composition the whole way through, meaning any scratches or stains that might occur can be buffed out and then re-polished back to its original finish. In contrast, Porcelain products cannot typically be repaired once damaged, although Porcelain does usually have a brighter and shinier finish. Gloss finish on Solid Surface is attained with additional coating applied to the surface. Solid Surface is renewable and highly resistant to bacterial and fungal growth.

## BATHTUBS

To complement our lavatories and sinks, we offer a selection of free-standing soaking bathtubs made of solid surface or fiberglass reinforced acrylic, for both materials are highly functional in a bathroom environment. Our tubs range from 53" to 76" and have very deep bathing room for comfort. The bathtubs are supplied with accompanying drains.

## TOILETS

Responsible design takes into consideration the reality of limited renewable resources, in response to which most LACAVA toilets are equipped with dual flush systems 1.6 gpf and 0.8 gpf. Compared to the standard 3.5 or 5.0 gpf toilets, this alone translates into huge water usage savings; over 70% less water is used with dual flush toilets - it not only serves the environment well but also constitutes sizable water bill savings in the long run. We have toilets for wall-mount or free-standing installation that in general match the appearance and style of our sinks and bathtubs for easy shopping experience.

## FURNITURE

The protection of our environment is also reflected in the furniture we manufacture. LACAVA supports green manufacturing practices using woods selectively harvested from sustainable forests supplied by vendors certified to abide by environmental regulations and initiatives. Our vanities are of Italian design, German engineering, 100% made in the USA.

We are proud to offer semi-custom bathroom furniture. Every LACAVA furniture piece is completely customizable, with altered dimensions to fit your space, added doors and drawers to maximize storage capacity, customized finishes and materials, and selection of pull hardware for doors and drawers.

Our 10-step finishing process will ensure a luxurious look and exceptional water-resistance properties. Every LACAVA furniture piece is available in 20+ finishes with the choice of textured option on painted flat panels. Our natural wood furniture comes standard with matching wood grain across vanity front elevation.

We pride ourselves in the highest quality craftsmanship and hardware. All LACAVA furniture features:

- hand-made construction by master craftsmen,
- solid wood and/or wood veneer over ply,
- matching wood grain across vanity front elevation,
- no laminates or fiberboards,
- dovetail drawer frames on all units,
- soft-closing hinges and drawer glides by the German manufacturer Blum ensure long-lasting and perfect functionality of the doors and drawers,
- custom and European pulls on drawers and doors,
- sturdy wall cleats and brackets for mounting.

## FAUCETS AND ACCESSORIES

LACAVA faucets, shower heads, and accessories are made of brass plated in polished chrome and chosen lines plated in additional finishes, like brushed and polished nickel, as well as matte black, and brushed gold. Selected products and lines are made of stainless steel or available in other popular finishes, like black, and brushed brass. Faucets and valves are outfitted with the most advanced German ceramic mixing and thermostatic cartridges. Water conservation is satisfied with low-flow aerators. To prove the highest quality standards, LACAVA provides a Limited Lifetime Warranty on its faucetry. This warrants any faucet, installed in a residential application, to be free of defects in material and workmanship for as long as the original consumer owns his or her home. Any product installed in a commercial application is covered under warranty for one year.

Selected faucets and fittings:

- can be used in ADA compliant environment,
- meet requirements for Cal-Green,
- are tested and meet specified standards per the Uniform Plumbing Code,
- are lead-free in accordance with the stringent U.S. regulations.

Wall-mount, ceiling-mount and hand-held shower heads feature "easy-clean" rubber nozzles and are outfitted with low-flow regulators. LACAVA also offers touch-free electronic faucets and soap dispensers to promote hygienic safety in private and commercial places.

LACAVA strives to ensure long-lasting beauty and performance of our bathroom fixtures for complete customer satisfaction.

# ELEGANZA

Coming this Summer 2017, faucets and fixtures available in polished nickel (PN), brushed nickel (NI), and brushed gold (BG).

All shower heads have easy-clean rubber nozzles.

All dimensions are nominal. Shipping Class 1 unless marked another class - see Lacava Freight Program for more details. 

A - trim, B - rough-in, C - replacement ceramic cartridge/s, CT - replacement thermostatic cartridge, D - diverter kit, EX - 1" extension kit.

\*\* Natural stone is subject to large inconsistencies and variations. Other stone options quoted upon request.

\*\*\* Athens has very prominent crystallized cross veins that look like cracks. If such feature is not desired, other stone finishes are strongly recommended. Cross veins will not be accepted as a valid reason for returns or exchanges.

# SALES TERMS & CONDITIONS

## PRICES

Lacava reserves the right to change prices without notice. No price is guaranteed until it is confirmed in writing, which is valid for 60 (sixty) days from the confirmation date. The prices do not include shipping and handling charges.

## CARE INSTRUCTIONS

To preserve the appearance and durability of the product, never use abrasive sponges, hydrochloric or acetic acids, ammonia or metal silicates. Appropriate cleaning agent according to the material should be used. Faucetry and other metal elements, should be wiped with a soft cloth; mild soap and water solution can be used for hard to clean spots.

## UNIQUENESS

Many products are made of natural stone, woods, or metals. Because of the natural variations, and/or handmade nature of the products, slight differences are expected and are not deemed manufacturing defects.

## TECHNICAL SPECIFICATIONS

Drawings provided herein are meant to give the user an idea of the product and are not made to scale. The sizes in inches are rounded up to the nearest 1/16. For further information, refer to the installation instructions included with the shipment.

## WARRANTY

LACAVA LLC provides a Limited Lifetime Warranty on its faucetry. This warrants any faucet, installed in a residential application, to be free of defects in material and workmanship for as long as the original consumer owns his or her home. Any product installed in a commercial application is covered under warranty for one year. LACAVA warrants all other products to be free from any defects in materials or workmanship, during normal residential or commercial use including all hinges, drawer slides, finishes, and general workmanship of the item for a period of one year. LACAVA warranties do not cover normal wear and tear, damages due to negligence, faulty installation, improper alterations and repairs, improper cleaning and care, or damages due to uses of the product other than its intended and normal use. If a defect is found under normal use, while under warranty, LACAVA will repair or replace the product (whichever cost is smaller to LACAVA) at its own expense (excluding shipping and installation charges). Under no circumstances is LACAVA responsible for installation/service fees or any dollar amount beyond the cost of the item. In addition, all LACAVA products are to be installed by experienced professionals properly licensed and bonded; otherwise, any LACAVA warranty and liability is to be considered waived. All warranties are non-transferable and proof of purchase is required for any warranty claim.

In accordance with the laws of limitation and exclusion state by state, and therefore provided the duty exceptions, LACAVA will not be held liable, in any event, for any special, indirect, incidental or consequential damages or losses (including but not limited to damages for loss of business, loss of profits, etc.) for breach of contract, tort (including negligence), product liability or otherwise, even if it has been advised of the possibility of such damages. LACAVA's liability on any claim (including negligence) will not in any case exceed the contract price paid by the original purchaser for the product claimed defective or unsuitable. It is the responsibility of the homeowner to ensure that all installed fixtures comply with all local plumbing codes.

## SHIPPING POLICIES

Once the merchandise is released to and accepted by the carrier, LACAVA's responsibility ends. LACAVA LLC is not responsible for damages occurring in transit. After the merchandise is delivered and the shipping document is signed, it becomes the property of the purchaser. We constantly improve the packaging as new technologies become available, but damages in transit may still occur. Therefore, we recommend that all packages be inspected by the purchaser in the carrier's presence upon delivery. In case of damages, either visible or concealed, the purchaser is responsible for filing any damage claim against the carrier. In this regretful circumstance, we suggest utter diligence to have the carrier's agent explain the steps to submit a valid claim against the carrier, as each carrier has different claim policies. Please document everything in writing, preferably on the shipping documents and have also the carrier's agent sign along. If you wish that Lacava assists you in the claim process, please fax or email us copies of the shipping and claim documents at your earliest convenience. In case of missing items, which could occur due to our mistake or a theft during transit, please follow same procedures as for shipping damages above, with the only difference that the claim concerns something completely missing, rather than damaged. Please take note of any visible tampering with the packaging in the presence of the carrier's agent before accepting the delivery with your signature. In case of missing items, you must also inform LACAVA and send us all related documents within 24 hours from the delivery date. We will open an internal investigation and check the inventory count to determine whether it was our error. If we verify it was our mistake, we will promptly ship the missing item(s) to the purchaser by standard ground at our cost.

## RETURN POLICIES

If the product is not satisfactory for any reason, it can be returned to LACAVA LLC up to 30 (thirty) days from the shipping date after obtaining a Return Goods Authorization (RGA). A restocking fee of 25% may apply. If the product is not returned to LACAVA within that timeframe, the RGA will be voided and no further RGAs will be issued for the product. The merchandise must be in salable condition, in its original packaging, and packed safely with the RGA number clearly marked on the outside packaging. To obtain an RGA number, please fax or email the request with a description of the reason for return. The merchandise must be in its original packaging and packed safely in accordance with the carrier's packing requirements, with the RGA number clearly marked on the outside packaging. LACAVA reserves the right not to issue any credit, if an approved RGA number has not been obtained. A restocking fee of 25% and applicable shipping charges to the customer and back may be deducted from the credit amount. Credit (excluding shipping and handling charges) will be given only for returns of intact products up to 30 days from the shipping date. After 30 days from the shipping date, no returns will be accepted. All returned merchandise is at the purchaser's risk and cost. Special order and custom made items are not returnable. Products must be inspected prior to installation and installation of the product means its acceptance. Product, once installed, cannot be returned. Damages occurring in installation are not considered defects and are not subject to return or refund.

LACAVA will replace any defective item for free only after the non-conforming product is safely returned to LACAVA's warehouse in accordance with the carrier's packing requirements, and in its original packaging, within 30 days from the shipping date. If the product is not found to be defective and is damaged in any way, there may be a charge for any replacement. In any case, LACAVA does not cover installation costs.

LACAVA would like to thank you for considering us for your bathroom project and are confident that you will be able to enjoy our products for many years to come!
