

LACAVA

bathroom collections

The foundation of each civilization is its love for the arts

- Lacava Creed

Europe is a land of small businesses with a long history of fierce competition. Their ancient roots can still be seen today, as each one tries to distinguish itself from the others by developing original designs. This is true in all fields. Bathroom furnishings are one of them. Nowhere else in the world can you find such a variety of artistically designed bathroom furniture and accessories as in Europe.

Lacava, a company of Italian origin, located in Chicago, is dedicated to continuing this legacy in order to enrich American private homes and lifestyles as well as public facilities with ingenious and inspiring bathroom collections. As a result of Lacava's collaboration with designers from around the world in defining the future bathroom styles, the company specializes in both contemporary and transitional styles for commercial, retail, hospitality, and residential applications in standard and custom settings. The geographical location of Lacava enables us to provide our customers with the convenience of local, personalized service, coupled with the state of the art technologies and experienced artisans creating superior quality furnishings with customization capacity. Our complete product collections are constantly changing and expanding as we restlessly strive to shape the forthcoming market trends.

At the beginning of 2010, LACAVA moved to a new, larger facility on Chicago's West Side. With over 100,000 square feet of office, manufacturing, and warehouse space, the new location has allowed us to expand our production and inventory levels, and to improve the overall efficiency of our operations. Our new building is a strong indicator of how LACAVA has matured as a company and the additional space will allow us to grow for many years to come!

Carmine Lacava, Executive Manager

Welcome to LACAVA!

We are very pleased to present you with our 2011-2012 catalog.

The past few years have brought about a lot of change and growth within our company. We have added several new furniture lines to our list, each of which is 100% HANDMADE IN THE USA by master craftsmen, with meticulous attention to detail and quality of construction. Our full-service woodshop builds custom furniture for any application, whether you wish to make minor changes to our existing products or to dream and design intricate pieces from scratch. We have developed new, matching accessory lines that correspond with our lines of faucets. To compliment our top-selling sinks, furniture, faucetry and accessories, we have expanded our offering to bathtubs, toilets and mosaic tile. Our complete collections now include virtually everything you need to design an elegant LACAVA bathroom, from top to bottom!

Two things that have not changed at LACAVA this year are our dedication to our clients and our commitment to ensuring the highest possible level of quality and function in every item that we produce. We strive to always balance the need for design integrity with functional execution in production.

LACAVA also works hard to help pioneer the newest environmental initiatives within our industry. In addition to our existing practices of using natural wood from sustainable forests, company-wide recycling, and localized production, we now offer low-flow 1 GPM aerators and low-lead production on LACAVA faucets, dual-flush toilets, and carbon-neutral shipping.

Above all, we strive to present you with top-quality, functional, innovatively designed bathroom products, backed by superior customer service and technical support. Our ultimate goal is your complete satisfaction.

LACAVA'S WOODWORK

CUSTOM PROJECTS WELCOME

All of our woodwork is made of 100% natural wood from renewable forests. Differences in color, grain, appearance and texture are inherent in all natural woodwork, and should be expected. Wood samples provided by LACAVA are intended to represent the average appearance of each wood finish, and should not be viewed as exact representations of every individual piece of woodwork.

WHY GREEN AT HEART?

The natural environment, once thought of as indestructible, is in fact a fragile system, that we all must take responsibility to protect and nourish in consideration of the future generations. Lacava embraces the motto "Have concern for other people," and makes every effort to respond to the market needs while respecting the goodness and beauty of nature. Lacava strongly rejects the idea of disposable low-quality furniture, which is made mostly of particle board, laminates, plastics, and other oil-based derivatives and intended to have a very short lifespan. Our high quality furniture is made of renewable resources like natural wood with the least processing possible. Our craftsmanship combined with durable materials and wear-resistant parts allow people to enjoy Lacava's furniture for many years to come, and is often passed on to the next generation as a valuable asset of the house.

Most importantly, we work with material suppliers who also are environmentally conscious. For instance, the wood we use comes from sustainable forests, where trees are cut selectively in order to preserve the ecosystems and reduce risks of wild fires, versus exploitive clear cuts that destroy the landscape and wildlife. Our vendors abide by many different environmental regulations and initiatives including: SmartWood, Forest Stewardship Council, the Sustainable Forest Initiative, and the Rainforest Initiative. Furthermore, our suppliers do not sell any wood from endangered species.

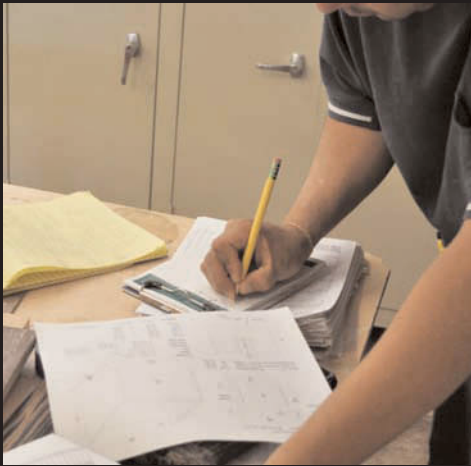

In order to reduce gasoline consumption and carbon emissions, we reduce the import transportation needs by manufacturing most of our furniture here in Chicago, USA. This simple solution not only preserves our atmosphere and does not add to the escalating greenhouse effects, but it also conserves the fast-consumed oil reserves. The country-based production also encourages the vitality of the local economy.

In response to the need of fresh water preservation, all of our lavatory faucets are equipped with low-flow pressure compensating aerators. All our toilets are with dual-flush actuators, which allow for responsible water consumption.

Additionally, our organization is supportive of recycling, such as reusing materials and reducing of waste. Such little things as paper recycling and refilling printer cartridges make it possible to prolong the life of items and reduce waste accumulation. We look into recycling programs with the waste management companies to make sure that the least amount of waste possible ends up in landfills, which are becoming scarcer everyday, due to the tons of trash produced daily in our society.

Lacava believes it is its responsibility to be committed to manufacturing top-notch furniture and to continuously look for ways to reduce and eventually eliminate the usage of environmentally unfriendly materials, byproducts, and processes.

BE GREEN: BUY QUALITY

LACAVA'S PRODUCTION

Detailed planning goes into every piece of furniture made by LACAVA to ensure the highest quality final product. The entire production process, from specs to the final product, is done here in the USA.

Sturdy construction ensures your handmade vanity will stand the test of time. Only the highest quality woods are used at LACAVA and we never use particleboard or laminates, typically found in furniture made by others.

Our cabinets feature baltic birch drawer boxes with a dove-tail construction for built-to-last drawers. Our master craftsmen put a meticulous attention to detail into every piece of furniture made.

Full-extension drawer glides have a weight capacity of 100 lbs, while soft-closing system allows each drawer to close softly and quietly every time.

LACAVA'S PRODUCTION

A full-scale metal shop creates standard and custom stainless steel pieces with a careful craftsmanship that is second to none.

LACAVA's metal furniture is all constructed of solid stainless steel, with precision welding and miter joints further ensuring each piece's quality and stability.

Each portion of your cabinet is applied finishing coats separately for a perfect final product. Each product is finished with a top coat and sealant to protect the wood from the high humidity and moisture of a bathroom environment.

Every cabinet is expertly packed and gets delivered to you with a minimal amount of assembly required at the destination point.

CUSTOM FURNITURE

We welcome custom furniture inspired by our standard designs offered in this catalog, as well as custom furniture drawn from your own inspiration.

IF YOU CAN DREAM IT, WE CAN MAKE IT

LA SCALA DE510 faucet
designed by Paolo Demarco

Dim.: 5 3/8" SPOUT 8 1/4"H

Deck-mount single-hole faucet with a lever handle
 and progressive cartridge, drain included

Finish:

CR polished chrome

LA SCALA DE502C faucet
designed by Paolo Demarco
 Dim.: 6 7/8" SPOUT 10 1/8" H
 Deck-mount three-hole faucet with two
 cross handles, no pop-up, drain included
 Finish:
 CR polished chrome

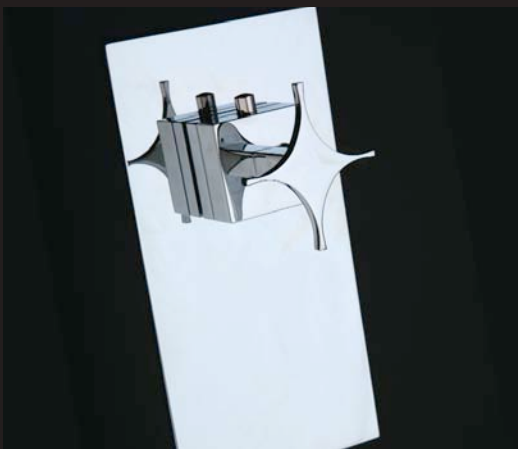

LA SCALA DE502L faucet
designed by Paolo Demarco
 Dim.: 6 7/8" SPOUT 10 1/8" H
 Deck-mount three-hole faucet with two
 knob handles, no pop-up, drain included
 Finish:
 CR polished chrome

LA SCALA DE524C faucet
designed by Paolo Demarco
 Dim.: 8 7/8" SPOUT 8" C/C
 Wall-mount three-hole faucet with two cross
 handles and backplate, no drain
 Finish:
 CR polished chrome

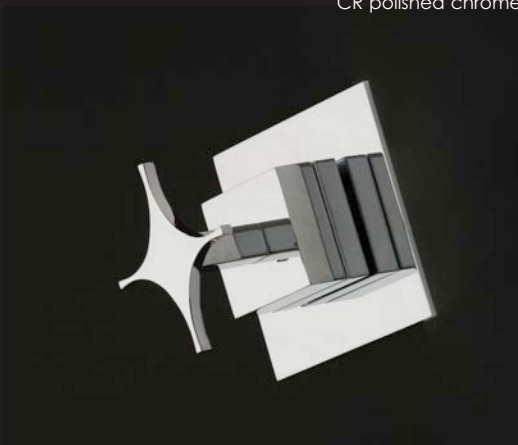

LA SCALA DE524L faucet
designed by Paolo Demarco
 Dim.: 8 7/8" SPOUT 8" C/C
 Wall-mount three-hole faucet with two knob
 handles and backplate, no drain
 Finish:
 CR polished chrome

LA SCALA DE545C thermostatic valve
designed by Paolo Demarco
 Dim.: 4 3/4"W 9 1/2"H
 Built-in thermostatic valve with a cross handle
 and rectangular backplate
 Finish:
 CR polished chrome

LA SCALA DE545L thermostatic valve
designed by Paolo Demarco
 Dim.: 4 3/4"W 9 1/2"H
 Built-in thermostatic valve with a knob handle
 and rectangular backplate
 Finish:
 CR polished chrome

LA SCALA DE560C stop valve
designed by Paolo Demarco
 Dim.: 4"W 4"H
 Built-in stop valve with a cross handle
 Finish:
 CR polished chrome
 Options:
 DE560C.5 rough-in 1/2"
 DE560C.75 rough-in 3/4"

LA SCALA DE560L stop valve
designed by Paolo Demarco
 Dim.: 4"W 4"H
 Built-in stop valve with a knob handle
 Finish:
 CR polished chrome
 Options:
 DE560L.5 rough-in 1/2"
 DE560L.75 rough-in 3/4"

LA SCALA DE555 spout
designed by Paolo Demarco
 Dim.: 9 1/4" spout
 Wall-mount spout for a bathtub; mixer sold separately
 Finish:
 CR polished chrome

LA SCALA DH592 shower head DE571 arm
 Dim.: 4"DIAM 11 1/2"D 3 1/2"H
 Wall-mount tilting shower head, rain flow.
 Arm with flange sold separately
 Finish:
 CR polished chrome

VELOCE 1900 faucet

Dim.: 10" SPOUT 10 3/4" H

Deck-mount single-hole stainless steel kitchen faucet with a pull-out sprayer 47" hose and single lever handle

Finish:

10 polished, 21 brushed

PRO 1920 faucet

Dim.: 8 1/2" SPOUT 28 1/4" H

Deck-mount single-hole professional stainless steel kitchen faucet with a sprayer and single lever handle

Finish:

10 polished, 21 brushed

STILO 1910 faucet

Dim.: 10" SPOUT 16 1/2" H

Deck-mount single-hole stainless steel kitchen faucet with a pull-out sprayer 30" hose and single lever handle

Finish:

LACAVA TERMS & CONDITIONS

PRICES

Lacava reserves the right to change prices without notice. No price is guaranteed until it is confirmed in writing, which is valid for 60 (sixty) days from the confirmation date. The prices do not include shipping and handling charges.

CARE INSTRUCTIONS

In order to preserve the appearance and durability of the product, never use abrasive sponges, hydrochloric or acetic acids, ammonia or metal silicates. More detailed care instructions are included with every shipment and can also be found on our web site www.lacava.com.

UNIQUENESS

Many products are made of natural stone, woods, or metals. Because of the natural variations, and/or handmade nature of the products, slight differences are expected and are not deemed manufacturing defects.

TECHNICAL SPECIFICATIONS

Drawings provided herein are meant to give the user an idea of the product and are not made to scale. The sizes in inches are rounded up to the nearest 1/16. For further information, refer to the installation instructions included with the shipment.

WARRANTY

LACAVA warrants its products to be free from any defects in materials or workmanship, during normal residential or commercial use including all hinges, drawer slides, cartridges, finishes, and general workmanship of the item. LACAVA warranties do not cover normal wear and tear, damages due to negligence, improper installation, alterations, improper repairs, improper use, improper maintenance, or damages due to uses of the product other than its intended and normal use. All warranties last for a period of one year from the date of purchase. If a defect is found under normal use, while under warranty, LACAVA will repair or replace the product (whichever cost is smaller to LACAVA) at its own expense (excluding shipping and installation charges). Under no circumstances is LACAVA responsible for installation/service fees or any dollar amount beyond the cost of the item. In addition, all LACAVA products are to be installed by experienced professionals properly licensed and bonded; otherwise, any LACAVA warranty and liability is to be considered waived. All warranties are non-transferable and proof of purchase is required for any warranty claim.

In accordance with the laws of limitation and exclusion state by state, and therefore provided the duly exceptions, LACAVA will not be held liable, in any event, for any special, indirect, incidental or consequential damages or losses (including but not limited to damages for loss of business, loss of profits, etc.) for breach of contract, tort (including negligence), product liability or otherwise, even if it has been advised of the possibility of such damages. LACAVA's liability on any claim (including negligence) will not in any case exceed the contract price paid by the original purchaser for the product claimed defective or unsuitable. It is the responsibility of the homeowner to ensure that all installed fixtures comply with all local plumbing codes.

SHIPPING POLICIES

Once the merchandise is released to and accepted by the carrier, LACAVA's responsibility ends.

LACAVA LLC is not responsible for damages occurring in transit. After the merchandise is delivered and the shipping document is signed, it becomes the property of the purchaser. We constantly improve the packaging as new technologies become available, but damages in transit may still occur. Therefore, we recommend that all packages be inspected by the purchaser in the carrier's presence upon delivery. In case of damages, either visible or concealed, the purchaser is responsible for filing any damage claim against the carrier. In this regretful circumstance, we suggest utter diligence to have the carrier's agent explain the steps to submit a valid claim against the carrier, as each carrier has different claim policies. Please document everything in writing, preferably on the shipping documents and have also the carrier's agent sign along. If you wish that Lacava assists you in the claim process, please fax or email us copies of the shipping and claim documents at your earliest convenience. In the case of missing items, which could occur due to our mistake or a theft during transit, please follow same procedures as for shipping damages above, with the only difference that the claim concerns something completely missing, rather than damaged. Please take note of any visible tampering with the packaging in the presence of the carrier's agent before accepting the delivery with your signature. In case of missing items, you must also inform LACAVA and send us all related documents within 24 hours from the delivery date. We will open an internal investigation and check the inventory count to determine whether it was our error. If we verify it was our mistake, we will promptly ship the missing item(s) to the purchaser by standard ground at our cost.

RETURN POLICIES

If the product is not satisfactory for any reason different from defects, it can be returned to LACAVA LLC up to 30 (thirty) days from the shipping date after obtaining a Return Goods Authorization (RGA) valid for 60 (sixty) days. If the product is not returned to LACAVA within that timeframe, the RGA will be voided and no further RGAs will be issued for the product. The merchandise must be in salable condition, in its original packaging, and packed safely with the RGA number clearly marked on the outside packaging. To obtain an RGA number, please fax or email the request with a description of the reason for return. The merchandise must be in its original packaging and packed safely in accordance with the carrier's packing requirements, with the RGA number clearly marked on the outside packaging. LACAVA reserves the right not to issue any credit, if an approved RGA number has not been obtained. A restocking fee of 25 percent and applicable shipping charges to the customer and back will be deducted from the credit amount. Credit (excluding shipping and handling charges) will be given only for returns of intact products up to 30 days from the shipping date. After 30 days from the shipping date, no returns will be accepted. All returned merchandise is at the purchaser's risk and cost. Special order and custom made items are not returnable. Products must be inspected prior to installation and installation of the product means its acceptance. Product, once installed, cannot be returned. Damages occurring in installation are not considered defects and are not subject to return or refund.

LACAVA will replace any defective item for free only after the non-conforming product is safely returned to LACAVA's warehouse safely in accordance with the carrier's packing requirements, and in its original packaging, within 30 days from the shipping date. If the product is not found to be defective and is damaged in any way, there may be a charge for any replacement. In any case, LACAVA does not cover installation costs.

LACAVA would like to thank you for considering us for your bathroom project and are confident that you will be able to enjoy our products for many years to come!
